## Stay in Touch with your Business – Use Sage ACT! from Your Smartphone or Tablet<sup>1</sup>

Being connected to your business goes beyond availability. It means being able to better connect with your customers by knowing every relationship detail any time and any place.

Sage ACT! Connect makes it easy to stay in touch with your business wherever you are, because a subscription to Sage ACT! Connect turns your smartphone or tablet, including iPhone® and iPad®, into a virtual office. This gives you and the members of your team access to your

Sage ACT! contacts and calendar<sup>1</sup>. Because Sage ACT! Connect equips you with your Sage ACT! details, you can review recent meeting notes before you head into that customer meeting; start your day by reviewing your meeting schedule so you're always on time; and update customer contact details, like adding a new phone number, right there, on-the-fly.

When business takes you out and about, remain productive with Sage ACT! connect.
