

## Success Story

# Implementing Intacct is a breeze thanks to Techsol partnership

Trydan Gwyrdd Cymru are getting out of their comfort zone and maximizing the potential of Sage Intacct.

“It’s informative. It’s intuitive. It’s scalable.”

### Steve Evans

Finance Manager, Trydan Gwyrdd Cymru

### Shaping the future with Sage

Steve Evans jumped at the opportunity to become Finance Manager at Trydan Gwyrdd Cymru, a renewables company funded by the Welsh government. As a fully qualified ACCA accountant he was well versed in Sage systems, but found the project functionality of Sage Intacct provided a completely different look and feel—for the better.

### Partnering with Techsol

Sage partner, Techsol, offers a comprehensive suite of digital transformation services, including ERP solutions, IT Services, Cybersecurity and more. They believe that the right partnership goes beyond technology—that’s why they focus on becoming a true extension of your team and building strong, lasting relationships that drive mutual success.

### About Trydan

Trydan Gwyrdd Cymru has a mission: To increase the value to Wales from renewable energy. Utilising Welsh topography with on-shore wind farms and solar panel sites in the pipeline, the team are on track to create a cleaner, greener Wales.

### Techsol

Techsol specialises in empowering businesses through digital transformation by planning, preparing, and implementing secure, integrated technologies that enhance productivity, security, and competitiveness.

### **Benefitting the local community**

Thanks to working in partnership with the Welsh Government, Trydan has access to land that provides the perfect climate to grow their mission of retaining value in Wales for the local economy.

### **Growing with the business**

As a fast-growing small team of 14, Trydan needed a reliable accounting software package that could scale with them. Understanding and developing Intacct has been crucial for staff enabling robust and steady growth in line with Trydan business plans.

### **Help on speed dial**

Implementing software with so much functionality and scalability as Sage Intacct doesn't come without its problems. But for Steve, the partnership with Techsol has been brilliant in resolving any issues that arose.

*"Any issues I identify, Ben (Techsol consultant) has the IT knowledge to resolve it."*

### **Slice and dice it any way you want**

The Trydan team are continually exploring the depths of what Sage Intacct can do.

*"The system is 3 dimensional - you can slice and dice the information any way you want. As with all systems the data out is only as good as the data in, so we ensure all items are tagged and coded correctly, enhancing our reporting"*

“The more you get into [Sage Intacct], the more you think, ‘yes, this can do it’.”

**Scaling for success**

One to one support from Techsol underpins an informed and responsive resource that has allowed the software and Trydan to thrive.

**Hopes for the future**

“Trydan plans to continue growing as the Welsh state developer of renewable energy. In time the possibility of becoming a larger and more complex business will require a system that can support it, we are hopeful Sage Intacct can continue to evolve with Trydan”

**Invaluable support**

Thinking of implementing Intacct? With partners like Techsol, you can be sure you’ll have the direct one to one support that Steve credits as crucial to the successful implementation of Intacct within Trydan.
