

# Get started for free

All your Essentials included with Sage for Accountants.

With the Essentials plan from Sage for Accountants, you'll get every tool you need all for free. From proposal to advisory, transform your practice and deliver a better, more impactful service.

**Get started for free today.**

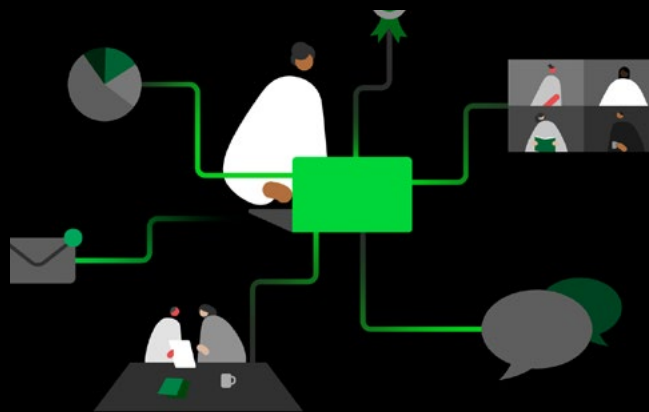

## Connect to and win new clients

Connect with businesses looking to take their next steps, with the **Accountant and Bookkeeper Directory**.

## Client engagement

Access **GoProposal by Sage** for confident and consistent pricing, proposals, automated letters of engagement, AML checks, Know Your Customer (KYC) and Risk Assessments.

## View your clients from one place

Manage and serve your clients in a single client list, from tools to tasks and surfacing key data. All your clients are just a click away, in one place, making day to day workflows faster and more efficient than ever.

## Data automation and processing

Wave goodbye to manual data entry with **AutoEntry by Sage**. Quickly and easily automate and streamline data collection. It's the fastest way to extract, categorise and publish financial documents to your accounting tools.

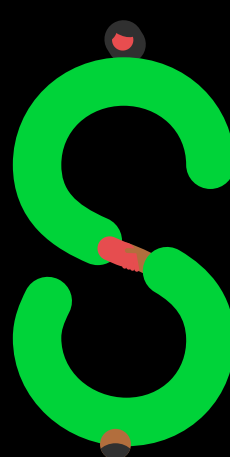

## Manage your own practice

Get a Sage Accounting Plus and Sage Payroll tools to use within your practice to help you manage your business and people.

## Compliance for every client

Regardless of the tools clients are using, get free compliance to manage year end Final Accounts, Personal Tax and Corporation tax, and save time with a single flow of data. Meet submission deadlines, mitigate risk, and ensure complete compliance simply and efficiently.

## Support and rewards for all members

We've got your back every step of the way. Exclusive benefits for your practice and clients, with unique member support, community, insights, pricing, and rewards. You're in total control of your success.

# Simplify your practice, delight your clients.
