

Sage Intelligence

Complementary Solutions

Create a competitive advantage for your business by implementing customized and integrated Sage X3 solutions.

Discover the array of possibilities Sage X3 complementary solutions offer to match your specific needs.

Sage X3 includes advanced financial reporting capabilities to help you get better insights from your financial data using a familiar Microsoft® Excel® interface. With Sage Intelligence you are able to run financial reports at the click of a button, drill down into the details and automate the distribution to relevant teams or individuals. Enjoy a quick and responsive experience when designing reports by easily dragging and dropping the building blocks of your financial layouts. Be able to consolidate your financial data from Sage X3, allowing for multi-company and multi-currency consolidations and reducing spreadsheet chaos.
