## It's time to trade up

---

*The construction industry is made up of various contracts and subcontracts, so it can be hard to keep track of your invoices and payments. It's also subject to the CIS (Construction Industry Scheme) requiring businesses to submit monthly information to HMRC before deducting tax from subcontractors' pay.*

Our Sage 50 CIS software makes handling subcontractor invoices and payments quick and easy.

- Stay compliant
- Easily submit CIS returns online
- Record the right information quickly and accurately
- Ensure you deduct the correct tax rates

Sage 50 CIS gives you all the tools you need in your kitbag to save you time and help you comply with legislation, now and in the future. Trade up today.

Don't down tools for legislation, let us take care of it

*We're here to take care of your business and make things a little easier. Whilst legislation means that your business needs to function a little differently, as long as you follow our guidelines you can overcome and avoid any challenges it might present.*

We want to make sure that you're:

- Equipped with the right information on the changes
- Completely compliant
- Running the right reports
- Automatically submitting CIS returns in the HMRC gateway
- Re-submitting returns in just a few clicks
- Saving time each month by doing less administration

**£3K

OR SUBMIT  
ON TIME**

IF YOU'RE NOT COMPLIANT, YOU  
COULD FACE A FINE OF UP TO **£3,000**.

Get everything you need to process and  
submit **compliant CIS returns**, faster and  
more accurately, **in just a few clicks**.

## Significant legislation changes...

*In April 2016, HMRC introduced some of the most significant changes to CIS legislation in years.*

### **NOW...**

You can only submit CIS returns online

You must re-submit returns for any periods that you've amended (due to a mistake or change)

### **LET US TAKE CARE OF IT**

The new Sage 50 CIS module is fully compliant with the new legislation change. You'll also be covered for any future changes (more changes are planned in 2017).

### **TIME IS MONEY**

The new legislation could cost you valuable time. The average UK small business could save up to 25 hours\* a month by avoiding complicated manual processing.

Automatically submit and amend returns in just a few clicks, reduce errors, save time.

***With our new module, you can keep one step ahead.***
