

Success Story

Delta Academies Trust

Transforming financial management with Sage Intacct for Education

“This solution has transformed our financial management processes and provided us with unparalleled insights into our finances.”

Karen Bromage

Chief Finance and Operations Officer, Delta Academies Trust

Shaping the future of education with Sage

Delta Academies Trust, a leading Multi-Academy Trust based in Leeds, is comprised of 58 academies providing education to students across a wide range of age groups.

As Delta Academies continued to grow, so did the complexity of its financial management needs. The finance team needed a powerful cloud-based solution that could automate processes, deliver accurate reporting, and integrate seamlessly with existing systems.

Partnering with ION

Collaborating with Sage partner ION, Delta Academies Trust chose Sage Intacct for Education to modernise their financial management.

The implementation was a collaborative journey, with ION guiding the Trust through every step—from understanding their unique needs to empowering the finance team with hands-on training and support.

Sage Intacct for Education

Delta Academies Trust
Delta Academies Trust operates a group of 58 academies, delivering high-quality education to thousands of students. Delta Academies is committed to providing outstanding learning environments and supporting the development of both students and staff. With a focus on growth and innovation, Delta Academies Trust continually seeks ways to enhance its operations and outcomes.

ION
ION helps schools, colleges, and Multi-Academy Trusts achieve financial sustainability with Sage Intacct cloud accounting solutions, streamlining processes and improving financial visibility.

Benefiting the education community

Since adopting Sage Intacct for Education, Delta Academies Trust has seen a transformation in how their finance team operates:

- **Efficiency at every step:** Automated workflows have freed up valuable time, allowing the team to focus on what matters most.
- **Clarity and confidence:** Real-time reporting means leaders can make decisions with confidence, backed by accurate, up-to-date insights.
- **Seamless integration:** The Trust's systems now work in harmony, with data flowing smoothly and securely –eliminating manual entry and reducing errors.

New financial management system challenges

Transitioning to a new financial management system is never without its challenges.

For Delta Academies Trust, the support and expertise of ION were crucial in ensuring a smooth migration of financial data and a successful configuration tailored to the Trust's unique requirements.

“We are extremely pleased with the successful implementation of Sage Intacct for Education by ION. Our finance team can now focus on strategic initiatives rather than dealing with manual tasks.”

Scaling for the future

With Sage Intacct for Education in place, Delta Academies Trust is well-positioned for further growth and success. Delta Academies Trust now enjoys a more integrated and efficient financial ecosystem, empowering the finance team to focus on strategic priorities and support the Trust’s mission of delivering outstanding education.

Delta Academies Trust’s experience with Sage Intacct for Education highlights how the right technology can help schools simplify financial management and support their ongoing commitment to delivering quality education.
