

# Electronic Document Management - PIA

Sage X3 Certified Solution

## Complementary Solutions

Create a competitive advantage for your business by implementing customized and integrated Sage X3 solutions.

Discover the array of possibilities Sage X3 complementary solutions offer to match your specific needs.

The Purchase Invoice Automation (PIA) solution uses intelligent Optical Character Recognition (OCR) technology to capture data from paper invoices and credit notes and automate filing in the Electronic Document Management (EDM) for Sage X3. The PIA solution improves the efficiency of the Accounts Payable function by automating the processing of paper and PDF invoices.

Note: V1 Electronic Document Management is a prerequisite.

## Benefit

- Increased productivity, saving time on data entry, earlier capture of invoices and credit notes
- Increased cost savings: savings on internal postage, physical storage, eliminate photocopying or handling queries through email
- Compliance, improving auditability with relational database technology for document storage
- Reduced errors of manual keying

## Features

- Optical Character Recognition (OCR) technology
- Centralized AP processing
- Invoice scanning
- Capture and automate the archiving of invoices
- Relational database technology for document storage
- Recognition of supplier details highlights duplicated suppliers
