Are you ready to work together to do more good?

Sage Summit gets local; so does Sage Foundation

At Sage Summit Tour UK, you are invited to take action with Sage Foundation. Give, learn and experience why doing business the right way, is the only way for Sage.

At Sage Summit Chicago 2016, we set a \$1 million fundraising target so that we could all work together to do more good for our communities and raise money for local charities.

We're just getting started and we need your help.

Join Sage Foundation's \$1 Million Challenge!

We invest our time, money, expertise and technology in local charity partners that are helping people reach their true potential. We're focused on helping: Young People, Women and Military Veterans.

Meet three partners bringing their ideas and inspiration to your communities.

All funds raised or donated through Sage Foundation's \$1 Million Challenge at Sage Summit Tour UK, will directly help them to do more good.

Working Chance is an award-winning charity and the UK's only specialist recruitment consultancy for women with criminal convictions and young women care leavers. They've supported over 900 women and young women care leavers into sustainable employment.

@WorkingChance

Hire a Hero provides support to service leavers and veterans as they transition to civilian life. They do whatever it takes, for as long as it takes to support those who have served move into long-term, meaningful employment.

@Hireaherouk
