## Are you ready to work together to do more good?

### Sage Summit gets local; so does Sage Foundation

At Sage Summit Tour South Africa, you are invited to take action with Sage Foundation. Give, learn and experience why doing business the right way, is the only way for Sage.

At Sage Summit Chicago 2016, we set a \$1 million fundraising target so that we could all work together to do more good for our communities and raise money for local charities.

**We're just getting started and we need your help.**

#### Join Sage Foundation's \$1 Million Challenge!

We invest our time, money, expertise and technology in local charity partners that are helping people reach their true potential. We're focused on helping: Young People, Women and Military Veterans.

Meet 3 local partners bringing their ideas and inspiration to your communities.

All funds raised or donated through Sage Foundation's \$1 Million Challenge at Sage Summit Tour South Africa, will directly help them to do more good.

**SA Teen Entrepreneurs** cultivate and promote an entrepreneurial spirit amongst high school learners across South Africa, through hosting business idea generation workshops, entrepreneurship Olympiads, conferences and exhibitions. [@247teenbiz](#)

**SOS Children's Villages** work for children who are orphaned and abandoned, or whose families are unable to care for them. They give children the opportunity to build lasting relationships within a family and help them live according to their own culture and religion, and be active members of the community. **Dignity Dreams** believe that every girl deserves to manage her cycle hygienically, in privacy and with confidence. They are helping to end school absenteeism and improve academic performance. [@dignity\\_dreams](#)
